GWLPOA

Whitewater and Rice Lakes' weed management is strictly regulated by Wisconsin DNR. We have two strategies that can be used on our lakes, one is weed treatment, and the other is weed harvesting. During April and May, our web site, (<http://gwlpoa.org>) will post the DNR permit, and the Lake Maps with timing for spraying invasive weeds.. We will use Facebook and our web site for continued updates. Prior to lake treatment, a notice will be attached to all docks near treatment with precautions. Those with irrigation systems from the lake would you please email Mike Lindenmuth at mdlgeneva@gmail.com & he will notify you when the treatment is scheduled so that you turn off your irrigation system.

🌸 Lake fireworks is scheduled for July 17th. While JNT manages the event, our \$ contributions make it even better. You can make your contribution at Parkside Marina.
