The Whitewater / Rice lakes Survey questionnaires are all in and the results are being finalized by our vendor...The University of Wisconsin – Whitewater. We know the response rate was 65% completion of the Survey and 35% wrote comments to the opened ended questions. Great numbers reflecting an engaged property owner base. First glance shows the owners are pleased with the lakes. As you might expect, respondents have also identified areas needing continued attention, as well as some new, emerging issues.

We are formulating a plan to have the survey available to you through a link on the website.

We are experiencing a Gypsy Moth infestation on our lakes. All of us appreciate the wonderful canopy and beauty of our trees and should each do our part to protect them.

Please read the attached fact sheet &/or use the following links to explore what you can do:

Enjoy Whitewater fireworks July 17th

Remember: The State of Wisconsin Statute 167.10 3a says: **No person may possess or use fireworks without a user's permit from the mayor of the city, president of the village or chairperson of the town in which the possession or use is to occur or from a person designated by the mayor, president or chairperson to issue a user's permit.** Permits for our residents are under the authority of Town of Richmond or Town of Whitewater dependent on your taxing body. There is a hefty fine for noncompliance.

Remember also: we are in a very dry summer-fires are easily ignited and can damage our boats, and canopies.

We all live in a neighborhood so be sensitive to neighbors and animals needs also.

Town of Whitewater has scheduled Grand View Dr. and Ridge Rd for re-paving the year – Ridge Rd. after Labor Day.

New office hours: Monday, Tuesday, Thursday: 8:30 AM - 1:30 PM
