Lake Ordinances All users of the lakes are responsible for knowing the lake ordinances and practicing safe boating. Make sure your household and guests are knowledgeable and conform to these ordinances. Remember- the ordinances are year-round with or without the buoys to remind you. The ordinances protect you and other users as well as the shoreline. Link: https://townofwhitewater.org/wp-content/uploads/2016/02/Parks_Rec_lakes_ordinance.pdf

Boaters – watch for the bog, it could be just under the water! The bog is not safe for you to step on either!

Based on your identification of key concerns on the lakes, teams have been organized to look critically at the following issues and make recommendations:

- | | |
|---------------------|---------------------------------|
| Boating Safety | Wakes & Shoreline Erosion |
| Good Neighbors | Government Support & Activities |
| Boat & Pier Density | |

In the next month we will start our event planning for 2022, we would love to hear your suggestions! All of our events are paid by your membership dues and reservation fees. In January, when we ask you to renew your membership- remember we need you.

A request from our safety patrol officers.

Please make sure your road number is also on the lakeside-they have been called several times for assistance and have difficulty locating your property from the lake without the road number!

The storms this summer have caused a number of boats, tubes, rafts etc. to lose their moorings. Without a road name and number on your equipment and also on the lakeside property – it is almost impossible to find the right “home” location.

Help them help you!

The Town of Whitewater asked us to remind you--
 ---The Wisconsin state statute 167.10(3) indicates that no one can possess or use fireworks without a permit issued by the city, village or town. The Town of Whitewater has issued only one permit this season and that was for an event on JNT Marina.
